

Wiss, Janney, Elstner Associates, Inc.
Solutions for the Built World

WJE is pleased to announce the addition of

Justin L. Boone, AIA

to the Houston branch as a Senior Associate.

Mr. Boone specializes in field-based testing and assessment, enclosure design, design peer review, and project management. He focuses on the application of proven building science fundamentals to produce climate-specific systems that will perform well over time. Mr. Boone's technical expertise includes the design of high performance building enclosure systems, building enclosure commissioning services, and forensic analysis of existing buildings with enclosure-related deficiencies.

A licensed architect in Texas, Mr. Boone holds a Bachelor of Arts Degree in Architecture and a professional Bachelor of Architecture Degree in Architecture from Rice University.

Mr. Boone is the chairman of the Houston Building Enclosures Council, chair for the Academic Affairs Committee of the Construction Specifications Institute of Houston, and is a member of the American Institute of Architects and Texas Society of Architects.

His valuable insight and professional work experience enable him to provide exceptional service, technical excellence, and cost-effective solutions for clients nationwide.
