EXPERIENCE

Chadwick Collins joined WJE in 2017 with more than ten years of roofing experience. His work includes on-site assessments, roof failure investigations, roofing document reviews, and product training. Mr. Collins also has experience with material and system testing to evaluate wind, fire, and impact performance.

Mr. Collins participates in standards development impacting the roofing industry at ASTM International, and has worked with several trade groups in evaluating the impacts of the changes to ASCE-7 on the roofing industry.

REPRESENTATIVE PROJECTS

Roof Assessment and Design

- Muhammad Ali Center - Louisville, KY: Roof assessment of modified bitumen roofing system*
- Simon Property Group Headquarters - Indianapolis, IN: Roof assessment of single-ply roofing system*
- Delray Beach Public Library - Delray Beach, FL: Roof assessment of modified bitumen roofing system*
