EXPERIENCE

Steven Entrekin practices in the area of design and evaluation of curtain walls, window walls, storefront, and glazing. His services include peer review, building enclosure commissioning, design assistance construction/manufacturing observation, installation assessment, leak investigation, and field inspection.

Mr. Entrekin has more than thirty seven years of experience in all types of glazing systems working on hundreds of commercial projects including office buildings, educational facilities, sports arenas, medical facilities, and government structures. During this time, he served as an estimator, installed sales, and served as a senior supervisor sales/service, international project manager, and senior project manager and contracts manager. Mr. Entrekin's responsibilities for glazing systems included scope clarification; material procurement; overseeing design and fabrication engineering; coordinating shop fabrication; safety; quality review; testing mockups. He also resolved installation assessment, troubleshooting, and issues; and provided glazing system design answers and recommendations to architects and customers.

REPRESENTATIVE PROJECTS

Windows/Curtain Walls/Skylights

- Quinte Courthouse - Bellevue, Ontario, Canada: Curtain wall design and project management *
- Pew Library, Grand Valley State University - Allendale, MI: Curtain wall design and project management *
- Millennium - Addison, TX: Curtain wall design and project management *

Peer Review

- New Embassy - Jakarta, Indonesia: Unitized and blast curtain wall systems
- University of Texas Southwestern Medical Center, Radiation/Oncology - Dallas, TX: Curtain wall system
- University of Texas Southwestern Medical Center, West Campus - Dallas, TX: Curtain wall system

Building Enclosure Commissioning

- Harvard Science and Engineering Complex - Allston, MA: Facade
- University of Texas Southwestern Medical Center, West Campus - Dallas, TX: Curtain wall system

Design-Assist

- Harvard Science and Engineering Complex - Allston, MA: Curtain wall systems

Construction Troubleshooting

- Comcast Innovation Tower - Philadelphia, PA: Unitized curtain wall assembly and glazing
- WaterWalk Place - Wichita, KS: Balcony repairs and fenestration waterproofing
- UTD Callier - Richardson, TX: Curtain wall installation
- University of Texas Southwestern Medical Center, Radiation/Oncology - Dallas, TX: Building enclosure
