EXPERIENCE

Since joining WJE in full time in 1991, Christopher Giffin's consulting experience has included the assessment, investigation, and development of repairs for a variety of structures. His expertise is related to roofing, waterproofing, and building envelope systems and has provided services for office buildings, hospitals, schools, airports, convention centers, hotels, and stadiums across the country. Mr. Giffin has developed numerous repair documents and provided construction administration services for many high-profile projects. He has also performed prepurchase assessments, design peer reviews, storm damage assessments, litigation support and expert services.

Mr. Giffin has been actively involved with RCI Inc., serving on the board for Georgia Chapter, as Chairman of the RCI Document Competition Committee, and on the RCI Board of Directors as Region II Director. He has given several presentations related to roofing and waterproofing issues, including at AIA and RCI national conventions.
