#### EXPERIENCE

Since joining WJE, Chelsea Karrels Ames has worked on a variety of projects involving the investigation and design repair of distressed materials and assemblies in both contemporary and historic structures. Her responsibilities include inspections of existing buildings, repair designs, development of construction documents and written reports, and construction observation services. Ms. Ames performs evaluations of brick masonry, stone, concrete, metal panels, stucco, and glass curtain walls. She also assists in providing peer review, building enclosure commissioning, construction observation and troubleshooting services for new construction projects ranging from multifamily residential projects to arenas.

#### REPRESENTATIVE PROJECTS

##### Building Enclosure Commissioning

- Iowa State University, Buchanan II Residence Hall - Ames, IA
- Iowa State University, Advanced Teaching and Research Building - Ames, IA
- University of Iowa, West Campus Residence Hall - Iowa City, IA
- University of Iowa, Hancher Auditorium - Iowa City, IA
