* Work at previous firm

EXPERIENCE

Carl Baldassarra is a nationally recognized expert in fire protection engineering, including fire/life safety analysis, egress design, fire protection system design and analysis, code consultation, loss investigations, and related services for a wide range of facilities and systems. Over his career, he has managed operations, led project teams, and participated in numerous design, consulting, and research projects. Mr. Baldassarra is a recognized authority for his development of innovative design solutions using performance-based principles for a wide range of facilities to meet clients' design objectives. His experience includes loss prevention surveys, on-site construction period services, litigation support, water supply analysis, and expert testimony in virtually all types of building occupancies.

Prior to joining WJE, Mr. Baldassarra was executive vice president of Rolf Jensen & Associates, where he managed the firm's western region. His experience also spans thirty-five years at Schirmer (Aon) Engineering Corporation, where he served as president of the firm for seventeen years, as well as in various other roles.

REPRESENTATIVE PROJECTS

Fire/Life Safety Assessment

- 3M Company Corporate Headquarters -Maplewood, MN *
- Chicago City Hall IL
- Hallmark Cards Corporate Headquarters -Kansas City, MO *
- Hyatt Regency Kansas City MO
- Procter & Gamble Miami Valley Laboratories
 Colerain Township, OH *

Fire Protection System Design

- Burton Barr Central Library Phoenix, AZ:
 Replacement fire suppression system for unique facility architecture
- Willis Tower (formerly Sears Tower) -Chicago, IL: Atrium fire detection system *

Loss Investigation/Litigation Support

 ArcelorMittal Steel - Burns Harbor, IN: Loss investigation, code analysis, and expert testimony

Performance-Based Design

- Hyatt Regency O'Hare Rosemont, IL:
 Alternative smoke control system design *
- Sawgrass Mills Super Regional Shopping Mall
 Sunrise, FL: Alternative fire-resistive construction, smoke control system, and egress systems *
- United Airlines Terminal Chicago, IL: Alternative fire-resistive construction *
- Wrigley Field Chicago, IL: Development of fire protection/life safety/code compliance concept for historic facility *
- Willis Tower (formerly Sears Tower) Chicago, IL: Development of fire
 protection/code compliance plan for major
 renovation project of iconic high-rise building

Code Development

 Chicago Life Safety Evaluation System:
 Development of code requirements and alternative compliance method for existing high-rise buildings *

Research

 Crosspoint 20/30 - Dallas, TX: Fire testing for special sprinkler system design

PROFESSIONAL AFFILIATIONS

- Illinois Society of Professional Engineers
- International Code Council
- National Fire Protection Association
- Society of Fire Protection Engineers, Fellow
- Underwriters Laboratories Fire Council

TECHNICAL COMMITTEES

- Chicago Committee on High-Rise Buildings -Executive Committee, former vice chair; Life Safety and Chicago Building Code Task | Force, chair
- ICC Ad Hoc Committee on Tall Wood Buildings, co-chair
- ICC Code Technology Committee, chair
- Illinois Society of Professional Engineers -Legislative Committee
- NFPA 1 Fire Prevention Code, principal
- NFPA 92, 204 Smoke Management, principal
- SFPE past president (2014), former Board of Directors member, and Editorial Advisory
 Board member
- Underwriters' Laboratories Fire Council
