EXPERIENCE

Paul Roland is a recognized industry expert with twenty years of experience in all areas of fire protection and life safety consulting and design. Prior to joining WJE, Mr. Roland was a senior consultant with Schirmer Engineering/Aon FPE/Jensen Hughes, Inc. and provided code and fire protection consultation and design for a broad range of clients. He has been involved in a number of significant projects which required life-safety evaluation, fire protection performance-based design, smoke control system third party testing, and building and life safety code consulting.
