

PERSONNEL QUALIFICATIONS

Jonah Wolff | Senior Associate

EXPERIENCE

Since joining WJE in 2010, Jonah Wolff has gained broad-based experience in facade assessments, leakage investigation, field testing, and construction observations of curtain wall systems, rainscreen systems, stucco, roofing, and waterproofing. He has conducted various building condition assessments, including leakage investigation of windows and curtain walls. Mr. Wolff's projects also involve cladding systems and documentation and analysis of exterior enclosure distress of stone, masonry, and stucco.

Mr. Wolff has assisted in the development of construction documents and repair recommendations for a variety of structures. He also has extensive experience in the preparation of two-dimensional and three-dimensional drawings.

REPRESENTATIVE PROJECTS

Facade Assessment

- Ava Apartments - Houston, TX: Stucco assessment and investigation of stucco discoloration
- Capital One Plaza - Houston, TX: Evaluation of exterior travertine wall cladding and repair design
- EDGE Condominiums - Houston, TX: Stucco and masonry cladding assessment
