

Andrew Bishop | Senior Associate

EXPERIENCE

Andrew Bishop specializes in the design, assessment, and repair of exterior envelopes with an emphasis on curtain wall and fenestration systems. Mr. Bishop's focus ranges from evaluating design ideas for new construction, to identifying the cause of failures and designing solutions for rehabilitation. His project services include efficient and targeted peer reviews to complete design and quality assurance (QA) services for new or existing structures.

Prior to joining WJE, Mr. Bishop was a graduate teaching fellow at the University of Oregon, specializing in building envelopes. His analytical and research background makes him ideal for investigating and understanding complex problems. Mr. Bishop's previous employment with distinguished design firms gives him an ability to balance aesthetic, cost, schedule, and technical concerns.

REPRESENTATIVE PROJECTS

Windows and Curtain Walls

- NEMA (10th and Market Streets) - San Francisco, CA: New construction consulting and QA services for imported custom curtain wall for luxury condominium towers
