EXPERIENCE

Greg Spatz joined WJE in 2006 with more than thirty years of experience in construction, roofing, and roof consulting projects. He specializes in reroofing, waterproofing, and concrete repair projects. Mr. Spatz's experience entails many phases of roof design, including performing surveys, nondestructive testing, and construction observations on several different types of roof systems. Prior to joining WJE, Mr. Spatz worked at Edis Oliver & Associates, where he gained key experience as a roof observer for a roof consultant.

REPRESENTATIVE PROJECTS
